MOBILE AND'D' CHURCH

Introduction

Our Church today has grown into a personal service and reaching the congregation on a more personal level brings commitment, restores faith and helps the growth on all fronts.

With a world rolling around “Mobile”, having, sharing, distributing i.e. doing a lot via the mobile is sure to bring more benefits to the church. At its simplest usage, sending a personalized message to a first timer from the Church or the Senior Pastor himself says a lot than 1 million paper flyers.

Does the Church have their own website, integrating the service is simply 3 steps away. Without a website, our ever-ready and stable platform is just a link away on your browser and all you need is there with you.
